

Fast Action Ideas

This document was included to help make creating a sales letter to sell your new product extremely easy and almost effortless.

You're going to get several elements that are important when creating a sales message for both the Internet as well as any kind of offline or direct marketing type of advertising you may wish to do.

You can use these ideas to create a sales letter, an e-mail ad or even a classified ad that could be used as a forum signature, e-mail signature or even a pay per click advertisement.

Chances are, you're probably most interested in creating a sales letter for a website to round out your product package and have your own unique product as fast as possible... good for you!

The easiest way to make this happen is to grab the WeeklyPLR.com Sales Letter Software from the members area and plug in the elements of a sales letter that you find in this document while making changes to the text.

You can use the content in this document as-is, but you will be better off to just use this content to help give you ideas to work from when writing your own. This way it is impossible that you and any other WeeklyPLR member will ever have the same headline or content in your finished products sales letter.

You want to add this personal touch to really inject your personality into the product and further differentiate your product from anyone else's.

You'll also find that there are fields in the process that we don't give you. These are very easy to fill in by just reading through the Fast Action Ideas information.

The reason we didn't just hand you a completed sales letter is because we want your sales letter to be different from anyone other persons. This way you do not end up with "just another PLR product hundreds of others are selling."

You want to really make sure that you use the idea starters you get in this document as just that; a starter.

You want to put each into your own words, add your own ideas and really customize the sales message because you don't want to have a letter or website that looks like someone else's.

Take what we give you and really strive to make it your own.

Another reason we give you these ideas pre-written is because we know it's pretty easy to take something that's already written and just put it into your own words. Much easier than starting from scratch!

We want you to make money and we want you to be able to do it in an extremely low competition market, which is why we've designed this highly unique and easy way of quickly creating your own sales letter and advertising material.

As a side note, the material in the Fast Action Ideas document is not to be transferred to anyone at any time for any reason. If you need additional information on the terms, you can visit our dynamic (and always up to date) terms page here:
